and good music and pledge themselves to have no intoxicating liquors on the grounds. Candidates and their friends, and the ladies are invited to come and enjoy themselves.

Is it not shameful that so little interest is taken in school matters by our citizens? At the late election for trustees in this district only nine votes were cast, and in the Lewis district we learn that there was not a single vote cast. Cannot something be done to awaken the people out of their lethargy? Parents, are you satisfied with the prospects of the future welfare of your children? Are you willing that this state of things shall continue? Or do you intend to wait until the strong arm of the law compels you to do your duty to your own children, a duty you owe not only to them but to society and to your God? Would there were a law to reach such cases and officers that would enforce it.

From the Reverend Clergy.

Among the many ministers of the gospel, who have been helped by Brown's Iron Bitters, the Rev. E. A. Spring, Corydon, Iowa, says, "I used it for general ill-health and found it a great help." Rev. Jas. McCarty, Fort Stevenson, Dakota, says, "It cured me of severe dyspepsia and increased my weight twenty-five pounds." The Rev. Mr. Olney, New Bern, N. C., says he has taken it, and considers it one of the best medicines known. The Rev. Mr. Whitney, Hingham, Wis., says, "After a long sickness from lung fever, I used Brown's Iron Bitters and gained strength." So throughout the States with hundreds and hundreds of other clergymen.

Poison Oak.

Spartanburg, S. C., March 13, 1884.—Your most valuable medicine (Swift's Specific) has done so much good that I feel like saying this for the benefit of those who suffer like I did. I was poisoned by poison oak, and saw not a well day for six years, until I used Swift's Specific. In the six years I used almost every kind of medicine, but none had the desired effect. After using six bottles of Swift's Specific I am restored to perfect health—with no sign of that awful poison left.

DAVID NESBIT.

I had for thirty-eight years suffered every spring and summer with poison oak, which I contracted in bathing when a boy. I tried everything for it, including many physicians, but without any benefit. I took six bottles of Swift's Specific (S. S. S.), four years ago, and it cured me sound and well. Three summers have passed, and I have had no return of it.

JOSEPH BEASLEY.
Columbus, Ga.

Blood Taint.

I was suffering from Blood Poison and Mercurial Rheumatism, and had spent \$500 for treatment with no benefit, and it seemed that I was doomed to die. Caught at Swift's Specific as a drowning man would at a straw, and it has saved me from a horrible death, and cured me sound and well. It is the greatest medicine in the world.

C. H. SMILEY, Quincy, Ill.

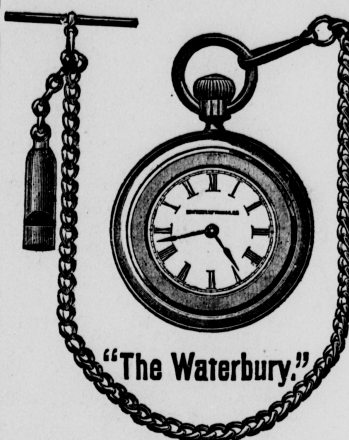

Horror of Mineral Poisoning.

Thousands of persons are poisoned in America by the continued use of Mercury, Iodide of Potassium, and other minerals, for various diseases. The Mercury works its way into the tissues, producing rheumatism and decay of the bones. The Iodide of Potassium eats away the coating of the stomach, and dries up the gastric juices which digest the food, and the patient lingers along in agony or is glad to die to get away from misery. Swift's Specific is a complete antidote to all this poison. It eliminates Mercury from the system, removes the evil effects of Iodide of Potassium, and brings back health and happiness. Send your address for a copy of Treatise on Blood and Skin Diseases.

WHY WE DO IT.
The season has been late, prices in the East have been depressed, and we went into the market late with CASH IN HAND, and bought goods at prices that were unknown in the history of the trade. Our prices we guarantee are lower than the same goods can be bought elsewhere. FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky as second class mailable matter.

GEORGE A. LEWIS.
Editor and Publisher.

FRANKFORT, JUNE 20, 1885.

The Hornet and Bluewing are carrying on a rate war just now. They are carrying passengers from this city to Louisville for one dollar, including meals and lodging, and freight on a hoghead of tobacco has been put down to the same price for the same distance.

The ordinance against allowing hogs to run at large on the streets, which was repealed several years ago, has never been re-enacted, and those who are shouting about enforcing the hog law will have to secure the passage of one by the Council if they want the officers to come to their relief. In the meantime they can sharpen up all the old scythe blades they can find and fasten them on the bottom of their gates.

The probabilities are that the office of the Collector of Internal Revenue for this district will be removed to this city from Lexington as soon as the Government Building is completed. An officer of the Treasury department was in the city on Wednesday and Collector Robinson was telephoned for to meet him here and select the furniture for the three rooms allotted to him in the building.

Rosa Triplett, colored, broke into the residence of Mr. John T. Waters Friday afternoon of last week, during the absence of his family, and stole \$100 in gold from a trunk, the key of which she had in her possession. She had been employed as cook for the family for a year or more and had only recently been discharged. She eluded the officers until Thursday afternoon, when she was arrested, and \$73 of the money found in her possession.

The closing exercises of Greenwood Female Seminary in this city took place on Wednesday, without any public demonstrations. Recitations, readings, dialogues and eulistics constituted the programme. Miss Mattie E. Williamson was the only graduate.

Mrs. Runyan will continue to give lessons in drawing and painting on Mondays and Thursdays at 9 o'clock a. m.

Mr. Grant Green, Jr., son of Hon. Grant Green, of this city, and Miss Joe Gray, step-daughter of Col. John F. Davis, Commissioner of Agriculture, were married Thursday morning in Jeffersonville, Indiana. Mr. Green who has been engaged in the lumber business at Olive Springs, Tennessee, for several months, came to Louisville on Wednesday, where he was met by Miss Gray, who has been visiting friends in Shelbyville for a week or two, and together with several friends, went to Jeffersonville the next morning and had the marital knot tied by a Methodist minister. They left Thursday evening for the home of the groom in Tennessee.

Mrs. Joe Swigert was elected President of the Woman's Missionary Society of Kentucky Conference of the Methodist Church, at Lexington, last Saturday.

Rev. Dr. Morris Evans, who has been President of the Millersburg Female College for the past year, has accepted the presidency of the College at Lancaster. He will be succeeded at Millersburg by Rev. C. Pope, of Georgia.

The County Court opened the bids for furnishing a new bell for the Court House on Saturday and awarded the contract to Messrs. Ferguson & Meek, they agreeing to furnish a new bell for the old one and \$75. The old bell was taken down Monday and the new one will be put up in a few days.

A man by the name of Newt. Rowe, a carpenter living at Sadleville, Scott county, stole a horse from a man by the name of Irvin Zeising, of that village, on Thursday night of last week, rode it to this city and sold it to Messrs. Church Bros. for \$75. He is now in jail in Georgetown awaiting the September Court.

The Frankfort Base Ball Club was reorganized on Monday night as an amateur club and will play during the balance of the season. A good nine has been secured and a game will be played this evening at Capital Park with the Riverides. Season tickets sold by the managers of the old club will admit the holders to all games played under the new organization.

Dr. E. B. Dodge, the "Shamrock Oil" man who has paid several visits to this city with his quartette of colored singers, was rotten egged at Hopkinsville on Saturday, while giving one of his open air concerts, for using rough language to some of the best citizens of the place, who he thought were talking too loud near his stand.

Deputy U. S. Marshal, Con. McCarthy, arrested a colored woman by the name of Patty Moore Monday morning on the charge of taking from the Post Office a letter intended for Miss Pattie Moore, of Winchester, who is visiting her sister, Mrs. Chas. F. Exum, in this city, and embezzling a small amount of money it contained. She was discharged, as she could not be identified as the party who received the letter from the clerk in the post office.

If the cash can't be paid a good note will be accepted, in settlement, but I must have them settled now, as I am out of the coal business and have to devote my time to other things. June 15th, 1885. J. L. SLACK.

TO WATER CONSUMERS.

LOUISVILLE, KY., May 10th, 1885. THE NEW WATER SERVICE PIPES NOW being laid in this city are in many cases placed at a depth under the surface of sidewalks or ground, both in the streets and private premises, not greater than eighteen (18) inches. Long experience in this latitude has established the fact that service water pipes laid at a depth of less than three (3) feet under ground are not safe against frost. When laid at a shallower depth they frequently freeze, burst, and interrupt the continuity of the water supply, and necessitate expenses for repairs tenfold greater than the first cost of placing the pipe at the proper depth. For this reason, acting in the interest of both the water consumers, and the water department, notice is hereby given that water will not be turned on services laid at a shallower depth than three feet under ground. The people are also cautioned against the trouble in store for them, by the use of plumbers who locate hydrants and other fixtures for drawing water, in violation and defiance of the Water Company's Rule No. 1, on page 2 of its Rules and Regulations. Col. R. P. Pepper's fine young horse, Judge Lindsey, won a race in the three minute class at Chicago, Tuesday. Five heats were trotted and his best time was 2:21.

The members of the Republican County Committee are requested to meet at the office of Judge W. H. Sneed, in this city, on Monday, July 6th, County Court day, for the transaction of business.

Drs. Gragny and Norris, of Cincinnati, specialists, will be at the Capital Hotel on Wednesday, June 24th, for the reception and treatment of patients suffering with cancers, tumors, nasal catarrh, and pulmonary diseases.

A new water pipe has been laid to the old fountain in the State House yard, the basin cleaned out, and as soon as the water is turned into the pipes from the new works we suppose it will begin to play again after a lapse of about 30 years.

The bids for the lease of the Opera House for the ensuing year were opened by the Council Monday night. There were but two. Messrs. Guy Barrett and J. W. Heffner offered \$1,011 and Mr. Sam H. Friedlander \$1,004. The bid of Messrs. Barrett & Heffner will probably be accepted.

One rainy day last week, one of our modest St. Clair street clerks very politely offered to raise a young lady customer's umbrella; she declined by saying:

"No, I thank you, Sonny. I'm neither sugar nor salt, Nor anybody's honey." With that she raised it herself and had gotten Half way to the next corner before our modest clerk recovered himself.

Don't forget the lecture of Dr. A. Willits at the First Presbyterian Church Tuesday evening.

Miss Lettie Fields, of this city, who is attending Berea College, will be at home next week. The commencement takes place on Wednesday.

Lost.—Somewhere about the city, a small roll of paper money amounting to fifteen or twenty dollars. The finder will please return to W. L. Pence and receive any reward he may charge.

Dr. V. A. Kaltenbrun has just received and set up in his office a Wilkerson Patent Lever Chair, the latest and most approved aid to a dentist. It is arranged so as to be very comfortable for the person operated upon, and exceedingly convenient for the operator, enabling him to place the subject in the best position with little effort and then holding every instrument and other things needed within easy reach.

Cal. McIntyre, who killed Robert Force at Great Crossings, Scott county, in 1870, and has been a fugitive from justice ever since, was arrested near Midway last week by Town Marshal E. Davis, of Midway, and taken to Georgetown for trial. The *Clarke-Journal* was in error in stating that the arrest was made by Marshal Cole, of Georgetown, as Mr. Davis was in this city Thursday to claim the reward offered for the arrest, which will be paid him.

There is little use in any other candidate running for jailer, as the business men of the city want John T. Waters to fill that position, and they intend to have him there.

The following bids for constructing Lodge, No. 1, Kentucky River, were received by Capt. James C. Post, U. S. Engineer, June 1st: John J. Cox, Carrollton, Ky., \$2,325; William L.
